INSTRUCTIONS FOR USE AND MAINTENANCE

To ensure maximum durability of LASER trays and avoid permanent damage:

- Trays should be thoroughly washed before use.
- The trays can be washed in the dishwasher at a maximum washing temperature of +60°C and at a maximum rinse and drying temperature of +90°C.
- In case of hand washing, to avoid scratching the surface of the trays, do not use abrasive sponges and prevent the trays from colliding with each other.
- After washing and before stacking, dry the trays thoroughly and let them cool to room temperature.
- It is advisable to stack the trays with the edge facing down and not to exceed the height of 60cm.
